TEXTILE RECYCLING SUMMIT 2027

IN PARTNERSHIP WITH

In 2026, the Go Circular Summit hosted the first dedicated Textile Recycling Focus Day, proudly supported by our Technical Partner, EURATEX.

In 2027, the 2nd Textile Recycling Summit will unite policymakers, recyclers, technology innovators, brand owners, and retailers to turn policy ambition into real-world progress. Together, we'll explore how Europe can build a circular textile ecosystem that is scalable, collaborative, and economically viable.

KEY TOPICS:

Building viable markets for recycled textiles – and avoiding the mistakes of plastics

EPR schemes for textiles – lessons from early adopters

AI-driven sorting and innovative fibre-to-fibre recycling technologies

The role of retailers in tackling fast fashion and scaling resale and repair
